Mahatma Gandhi Medical College & RI

Sri Balaji Vidyapeeth University Campus

Pillayarkuppam, Puducherry, India, 607402.

American Heart Association International Training Center Coordinator and instructor for BLS, ACLS and PALS.

Email: drvrhk@gmail.com

Mobile: 9003550553

Res: 0413-2202364.

Professional Experience and area of expertise:

As an anaesthesiologist, I am well versed in resuscitation skills. I have been instrumental in setting up and organizing American Heart Association courses in Medical Simulation Center at MGMCRI for the past 7 years. My team organized around more than 500 BLS and ACLS Courses every year for the past 4 years for postgraduates, CRRIS, nursing and dental graduates. I am also responsible for encouraging and developing 35 AHA instructors. The MSC team organized resuscitation courses in other institutes and nursing homes in Pondicherry to train medical and paramedical staff. I have also organized public awareness programs to old age homes, schools, Police etc. I have designed easy to understand CPR manual to help the trainees in the intricacies of CPR.

Title of the consultancy: Resuscitation setup consultant

Description of consultancy:

To provide consultancy to any institute or organization to conduct Resuscitation courses both AHA (BLS, ACLS, PALS) and non AHA courses with respect to the following.

1. To organize the place where the resuscitation training is being conducted.
2. To procure manikins (regarding specified number and type) from various manikin suppliers.
3. To procure AHA books and cards to conduct the course.
4. Documents need to be filed for conducting the courses as per AHA policy.
5. To procure other logistics for running courses effectively.
6. To help the process to acquire AHA Training center / site status.
